- Research system performance solutions or fault correction and insure application quality;
- Participate in the development, implementation and realisation of IT related strategies;
- Analysis of end user needs, advise and estimate required development time;
- Identify and communicate technical problems, procedures and solutions;
- Write technical documentation and train end users when required.

Skills and competencies required:

- Experience in Web programming, mobile Web and application development;
- Extensive knowledge of NET Framework and .NET Core, Visual Studio, C#, SQL, MS SQL Server, IIS, JavaScript, PHP, jQuery, Node.js, CSS 3, HTML 5, JSON, XML, Ajax;
- Experience in LAMP environments (Linux, Apache, MySQL, PostgreSQL, PHP, Python);
- Experience in Web Responsive solution development;
- Extensive knowledge of Web standards.
- Detail oriented (planning, prioritizing, organizing, and follow up);
- Analytical;
- Flexibility, meticulousness and resourcefulness;
- Excellent communication skills, both written and oral;
- Have the ability to communicate in an effective manner in both a English and French.

Workplace:

- 1283 Teron Road, Kanata ON K2K 0J7
- The applications for Gaspé (Head office at 3, rue des Cerisiers, Gaspé QC G4X 2M1) will also be considered.

Salaries and benefits:

- Salary will be determined on experience basis;
- Medical / salary / disability / life insurance program in place;
- Possibility to contribute to a Registered Retirement Savings Plan jointly with the employer.

Start date:

- As soon as possible.
